Frat Boys Gone Wild

Oh, back to school season, when thoughts turn to rulers and textbooks, paddles and hazings and, of course, experimentation in between classes. Well, pay attention, class, because this book will have you longing for an examination! Universities are the setting for *Frat Boys*, a collection of stories that make the grade with gorgeous undergrads and pleasure-seeking professors.

Whether it's the thrill of being tested in front of the class to join a secret society, or looking in at a gay frat's pledges, these stories will make sure you receive a higher education in erotica. Pick-ups have multiple meanings for a b-baller and frat boy in "The Pickup Game", while another learns a lesson about what gets him hard in "Stripped". Top erotic writers M. Christian, Gavin Atlas, Z. Ferguson, Logan Zachary, Neil Plakcy and Rob Rosen (among others) make this an A+ anthology sure to make you hot for these big men on campus.

Hard Working Men: "As Allison notes in the book's introduction, 'get ready for some strenuous on-the-job training.' You'll never look at a hammer in the same way again. Pure literary Viagra."
