Girls, Girls, Girls!

Girl crazy. It's that surge of longing that floods body and soul, that mad rush of pleasure and pain, from tentative self-discovery to the first thrill of girl-on-girl play to deep explorations of the fiercer shores of sexuality. In this collection, Catherine Lundoff, D. L. King, Cheyenne Blue, Kristina Wright, Jean Roberta, and 15 other writers offer up no-holds-barred, all-holds-hot tales of the highs and lows and kinky twists of first times. Coeds acting out for *Girls Gone Wild* get even wilder once the cameraman goes home. A lonely businesswoman discovers how far and hard her young chauffeur can drive her. Butch buddies find secret desires racing out of control. A summer job building trails sparks trailblazing into all-new territory. These and a wide range of other irresistible stories envelop the reader in that delicious feeling known as girl crazy.

“You know that feeling, whether you’ve come out to yourself, your community or to the world. These nineteen writers know that feeling too, and share their no-holds-barred tales of the highs and lows of first times and coming out.” Sacchi Green

Sacchi Green lives and writes in western Massachusetts. Sacchi's stories have been featured in *Best Lesbian Romance 09*, *Best Lesbian Erotica*, and *Best Women's Erotica*. Sacchi is also the co-editor of *Lipstick on Her Collar*.
