## **Leathermen Gay Erotic Stories**

**Edited by Simon Sheppard**

"Craig stands naked before the mirror. What he sees frightens and excites him." So begins "Exposed," the first story in this collection of one-fisted reading that explores the depths of fear and desire among leathermen. Craig's dog collar and leather chaps are only two of the erotic accoutrements on display as whipwielding masters dispense love and pain to their slaves, who sometimes turn the tables on them. *Leathermen* offers unforgettably explicit stories of edge play at its most arousing.

SIMON SHEPPARD is a noted author and erotica writer whose works include *Hotter Than Hell*, *Rough Stuff*, *In Deep* and the Lambda award-winning *Homosex: Sixty Years of Gay Erotica*. His short stories are also featured in *Hot Cops*, *Truckers*, *Cowboys* and *Best Gay Erotica 2008*, to name a few. He currently resides in San Francisco.

"The most literate and heart-poundingly romantic author to emerge from the naughty queer erotica scene in San Francisco."
