The Most Daring Erotica of The Year

“When I pick up a book of erotica,” says Alison Tyler, “I don’t want to read about ‘beautiful’ and ‘loving.’ I want to read about sweaty and heart-stopping.” Tyler indeed found these latter qualities, in a wealth of variations, when she collected the 27 stories for this smart, raunchy anthology celebrating anal sex. Seasoned erotica authors explore the pleasures of techniques of anal sex, and every imaginable strategy for indulging in this popular but still taboo sexual activity. LUSCIOUS reminds us that “dirty” is not only not a bad word, it can make what happens bent over a Harley, on the Appalachian trail, or in an anal sex classroom—some of the kinky locales in this collection—irresistibly arousing.

“What lies between the cheeks can be a source of incredible pleasure and while the notion of the ass as an erogenous zone in its own right is not new, the public discussion of it is.”

—Tristan Taormino, from the foreword
