Why are soldiers so sexy? Could it be the buzz cut and chiseled jaw, those bulging muscles under the uniform?

Special Forces

Gay Military Erotica

By Phillip McKenzie Jr.

Wherever a man slides into his BDU's and shoulders an M16, there's another man looking to take both off him, and people want to read about it. These are scorching, sexually charged stories of military men getting down. But let's notch it up a little. Forget old stories of drill sergeant and grunt, or old army buddies on the base, these tales mine the tension of conflict. Filled with hot action, there are bombs falling, rocket's red glare and the drama and release from the agony of a firefight. Rather than just allowing sex with military trappings, *Special Forces* is riveting reading, setting stories in the heat of battle, where fear, urgency, and uncertainty lead to unexpected intimacy and release. Where anger and terror fuel desire and attraction. The writing in *Special Forces* does not flinch away from reality, but allows it to heighten the eroticism.

PHILLIP MACKENZIE JR. is an occasional and irregular writer of raunch for fun and profit. His stories have appeared in *Freshmen* magazine, *Hard Drive* (Alyson Books, 2001) and *Boys in Heat* (Cleis Press, 2008.) He divides his time between Los Angeles and Tennessee, with long stretches behind the wheel of his pickup, the road flowing out from the rearview mirror.
